

Setif 1 University - Ferhat ABBAS, in partnership with Sonatrach's Central Directorate of Research and Development, organize the inaugural edition

International Conference on Chemical Engineering for Oil and Gas Industry ICCE "24-OGI

November 26th, 27th 2024, Setif, Algeria

Call For Papers

The ever-increasing demand for energy within the contemporary global economic landscape requires a critical reevaluation of our dependence on conventional resources like oil and gas. While these resources have fueled economic growth for decades, we now face the double challenges of maximizing their efficiency and minimizing their environmental impact. Stringent regulations and a growing awareness of sustainability call for innovative solutions in the production and processing of these vital resources.

It is in this context that the International Conference on Chemical Engineering for Oil and Gas Industry (ICCE"24-OGI) is to be organized. This event is scheduled for the 26th and 27th November 2024 and is to be hosted by the Sétif 1 University Ferhat Abbas, Algeria. The ICCE"24-OGI will serve as an international forum for researchers, industrials and engineers to collaborate and explore the up-to-date developments in chemical engineering in the field of oil and gas industry.

Therefore, this conference will be an opportunity to:

- Share cutting-edge research and best practices in the application of chemical engineering principles to optimize oil and gas production and processing.
- Foster dialogue and collaboration between academic and industrial experts, bridging the gap between theoretical knowledge and real-world application.
- Identify and explore emerging technologies that hold promise for the future of the oil and gas industry, with a particular focus on sustainability and environmental responsibility.

ICCE"24-OGI promises to be a dynamic and intellectually stimulating platform for idea exchange and collaborative problem-solving. We look forward to welcoming you to Algeria for this important event.

Technical Areas

Topics of interest include but not limited to:

- Catalyst preparation: fundamental concepts and industrial requirements
- Catalysis in oil & gas processes and environment.
- Process monitoring
- Treatment and valorization of GHG emissions
- Chemical process safety and risk management
- Industry 4.0: AI, big data treatment & analysis, modeling and simulation

ICCE "24-OGI

Organizing Committee

Honorary Chairs: Prof. **Mohamed El Hadi Latreche** (Rector of Setif 1 University - Ferhat Abbas) and Mr. **Mustapha Mohamed Benamara** (Head of Sonatrach's Central Directorate of Research and Development);

Honorary Vice Chairman: Prof. Farid Habelhames (Dean of the faculty of Technology);

General Chair: Dr. Boukezoula Tayeb Fakhreddine;

Mr. Abchi Youcef (DC R&D Sonatrach), Dr. Addala Abderezak, Prof. Belkhiat D. E. Chouaib, Prof. Bencheikh Lahcène, Dr. Chebira Fakhri, Dr. Daas Nihad, Prof. Djerboua Ferhat, Prof. Guellal Messaoud, Prof. Ouari Kamel, Dr. Tair Chafia;

International Program Committee

Prof. L. Bencheikh, **Chairman**, Setif 1 University - Ferhat Abbas, Algeria

Dr. Z. Abdelsadek, USTHB University, Algeria
Prof. F. Ammari, Setif 1 University - Ferhat Abbas, Algeria
Prof. M. Arici, Kocaeli University, Turkey
Prof. Z. Bakiri, Setif 1 University - Ferhat Abbas, Algeria
Prof. L. Bechki, Ouargla University, Algeria
Prof. D.E.C. Belkhiat, Setif 1 University - Ferhat Abbas, Algeria
Prof. D. Benachour, Setif 1 University - Ferhat Abbas, Algeria
Prof. H. Ben Aissa, Product Development Manager, Lynas Rare Earth -Malaysia
Dr. R. Bendib, Skikda University, Algeria
Prof. R. Bensalem, Sfax University, Tunisia
Dr. M.I. Benslimane, Sonatrach /IAP, Arzew School, Algeria
Prof. A. Bouguettoucha, Setif 1 University - Ferhat Abbas, Algeria
Prof. K. Bouhidel, Batna 1 University, Algeria
Prof. N. Bougdah, Skikda University, Algeria
Dr. T.F. Boukezoula, Setif 1 University - Ferhat Abbas, Algeria
Dr. H. Boukhlouf, Sonatrach /IAP, Hassi Messaoud School, Algeria
Dr. M. Boumosbah, Sonatrach /IAP, Skikda School, Algeria
Dr. C.E. Bounoukta, ULCO University Dunkerque, France
Dr. O. Bouras, Blida University, Algeria
Dr. F. Bouremad, Jijel University, Algeria
Prof. M. Boutahala, Setif 1 University - Ferhat Abbas, Algeria
Prof. D. Chebli, Setif 1 University - Ferhat Abbas, Algeria

Prof. R. Chemini, USTHB University, Algeria
Dr. M. Chenouf, Skikda University, Algeria
Prof. L. Chibane, Setif 1 University - Ferhat Abbas, Algeria
Prof. B. Draoui, Bechar University, Algeria
Dr. A. Deghmoum, Sonatrach / DCRD, Algeria
Prof. A. Elmoll, Lebanese University, Lebanon
Prof. A. Gil, Navarra University, Spain
Prof. M. Guellal, Setif 1 University - Ferhat Abbas, Algeria
Prof. N. Haddaoui, Setif 1 University - Ferhat Abbas, Algeria
Dr. Z. Ihdene, Sonatrach / DCRD, Algeria
Prof. G. Leonard, University of Liege, Belgium
Prof. H. Majdoub, Monastir University, Tunisia
Prof. D. Matt, Strasbourg University, France
Prof. A. M'raoui, CDER Bouzerea, Algeria
Prof. B. Ould Bouamama, Ecole Polytech de Lille, France
Prof. R. Rihani, USTHB University, Algeria
Prof. K. Rida, Jijel University, Algeria
Prof. V. Russo, Università di Napoli Federico II, Napoli, Italy
Prof. R. Saci, Boumerdes University, Algeria
Prof. F. Setifi, Setif 1 University - Ferhat Abbas, Algeria
Prof. A. Talhaoui, USTO University, Oran, Algeria
Dr. L. Toumi, Setif 1 University - Ferhat Abbas, Algeria
Prof. J. Weiss, Strasbourg University, France
Dr. M. Zighed, Sonatrach /RPC, Algeria

Paper Submission

Submissions (maximum 2 pages) are welcome in English or French. Papers should adhere to the conference template, available for download on the website: [<https://events.univ-setif.dz/e/ICCE24-OGI>].

Registration Fees

- The registration fees include:
 - Registration for delegates includes the access to all conference technical sessions and exhibition area,
 - Conference kit,
 - Welcome Reception,
 - Coffee-breaks and Lunches;
- Students are required to provide a copy of a valid ID that certifies their full-time student status.

The registration fees are:

- Academic: 6 000 DA
- Student: 4 000 DA
- Professional: 8 000 DA
- International: 100 €

Djemila: Where history comes alive

Cuicul (Djémila- 55 km from Setif city-) was built at 900 meters of altitude during the 1st century AD as a Roman military garrison. It became a UNESCO World Heritage Site for its unique adaptation of Roman architecture to a mountain environment. Significant buildings in ancient Cuicul include a theatre, two fora, temples, basilicas, arches, streets, fountain and houses. The exceptionally well preserved ruins surround the forum of the Harsh, a large paved square with an entry marked by a majestic arch.
