

CALL FOR POSTER ABSTRACTS & BOOK CHAPTER SUBMISSIONS

The Scientific Committee of the 2nd Scientific Day on the Organic Chemistry of the Future: Natural Products, Organic Synthesis and Artificial Intelligence (SDOCFNPOSAI'26) is pleased to invite faculty members, researchers, postdoctoral researchers, PhD candidates, students, and professionals to submit their latest research contributions under one of the following scientific topics:

- **Topic 1:** Natural Products, Green Extraction & Bioeconomy
- **Topic 2:** Modern Organic Synthesis & Medicinal and Industrial Applications
- **Topic 3:** Artificial Intelligence

Participation Options

1- Poster Presentation

Submission of an **abstract** is required as the first step to confirm participation.

2- Book Chapter Submission (Optional)

Participants wishing to further disseminate their research may, in addition to their poster presentation, submit a **full paper**. Following peer review by the Scientific Committee, accepted manuscripts will be published as book chapters in a peer-reviewed edited volume, available online, assigned an **ISBN**, and indexed in **international bibliographic databases**.
